

Discount Fix
July 2016

Tariff terms and conditions

About your tariff

Discount Fix July 2016 prices are fixed until 31st July 2016. You'll pay a daily standing charge and unit rate.

Paying for your energy

You'll need to pay by Direct Debit. If you don't stay a Dual Fuel customer (with both fuels on this tariff), your rates will change and your prices may be higher.

Your prices might change depending on how you pay. If you pay by Direct Debit but miss any payments, we can ask you to pay by cash or cheque. Your prices would go up – we'll explain the difference in your contract pack, or you can find the details at britishgas.co.uk/alltariffs. We'd write to you at least seven working days before changing how you pay.

If you change your meter

If you move to a Pay As You Go meter, we'll switch your tariff to our cheapest standard variable tariff at the time.

If you decide to cancel

If you switch to another energy supplier before 31st July 2016 we'll charge you an exit fee of £30 for electricity and £30 for gas.

If this happens, we'll collect these fees before any other amounts you owe us, either from payments you make or from your credit balance.

At the end of the tariff

Before this tariff ends, we'll write to tell you what will happen next. If we don't hear from you, we'll move you to the cheapest standard variable tariff we have available on 31st July 2016.

Other things to bear in mind

Discount Fix July 2016 prices are fixed until 31st July 2016 unless the government or regulator does something or plans something that means we can't. (We hope they won't, but we have to let you know.)

We'll only sell so many Discount Fix July 2016 tariffs, and we might withdraw it. We'll also add VAT.

Our usual [terms and conditions of supply](#) also apply.
