

Fix & Fall
January 2017

Tariff terms and conditions

About your tariff

Fix & Fall January 2017 prices won't go up until 31st January 2017. If our variable price tariff (no end date) prices in your region go down before 31st January 2017, your prices will fall by the same proportional amount. You'll pay a daily standing charge and unit rate.

Paying for your energy

You'll need to pay by Direct Debit, Cash or Cheque or Pay As You Go meter. If you don't stay a Dual Fuel customer (with both fuels on this tariff), your rates will change and your prices may be higher.

Your prices might change depending on how you pay. If you pay by Direct Debit but miss any payments, we can ask you to pay by Cash or Cheque. Your prices would go up – we'll explain the difference in your contract pack, or you can find the details at britishgas.co.uk/alltariffs. We'd write to you at least seven working days before changing how you pay.

If you change your meter

If you move from a credit meter to a Pay As You Go meter your rates will change and your prices may be higher. We will let you know in advance your new rates.

At the end of the tariff

Before this tariff ends, we'll write to tell you what will happen next. If we don't hear from you, we'll move you to the cheapest variable price tariff (no end date) we have available on 31st January 2017.

Other things to bear in mind

Fix & Fall January 2017 prices are fixed until 31st January 2017, unless the government or regulator does something or plans something that means we can't. (We hope they won't, but we have to let you know.)

We'll only sell so many Fix & Fall January 2017 tariffs, and we might withdraw it. We'll also add VAT.

Our usual [terms and conditions of supply](#) also apply.
