

Fixed Price  
November 2015

# Tariff terms and conditions

## About your tariff

Fixed Price November 2015 prices are fixed until 30th November 2015. You'll pay a daily standing charge and single unit rate.

## Paying for your energy

You'll need to stay a Dual Fuel customer and pay by Direct Debit. If you don't, your rates will change and your prices may be higher.

If you pay by Direct Debit but miss any payments, we can ask you to pay by Cash or Cheque. You'd then lose your Direct Debit discount and your prices would go up – we'll explain the difference in your contract pack, or you can find the details on our website. We'd write to you at least seven working days before changing how you pay.

## If you change your meter

If you move to a Pay As You Go meter, we'll change your tariff to British Gas' cheapest standard variable tariff at the time.

## If you decide to cancel

If you switch to another energy supplier before 30th November 2015, we may charge you an exit fee of £30 for electricity and £30 for gas.

If this happens, we'll collect these fees before any other amounts you owe us, either from payments you make or from your credit balance.

## At the end of the tariff

Before this tariff ends, we'll write to tell you what will happen next. If we don't hear from you, we'll move you to the cheapest standard variable tariff we have available on 30th November 2015.

## Other things to bear in mind

We'll offer Fixed Price November 2015 prices until 30th November 2015, unless the government or regulator does something or plans something that means we can't. (We hope they won't, but we have to let you know.)

We can only sell so many Fixed Price November 2015 tariffs, and we might withdraw it. The prices might change depending on regulations and how you pay. We also have to add VAT.

Our usual [terms and conditions of supply](#) also apply.
