

# HomeEnergy Capped Jun 17

# Tariff terms and conditions

## About your tariff

HomeEnergy Capped Jun 17 prices won't go up until 30th June 2017. If our variable price tariff (no end date) prices in your region go down before 30th June 2017, your prices will fall by the same proportional amount. You'll pay a daily standing charge and unit rate.

## Paying for your energy

If you pay by Direct Debit but miss any payments, we can ask you to pay by cash or cheque. Your prices would go up – we'll explain the difference in your contract pack, or you can find the details on our website. We'd write to you at least seven working days before changing how you pay.

## At the end of the tariff

Before this tariff ends, we'll write to tell you what will happen next. If we don't hear from you, we'll move you to the cheapest variable price tariff (no end date) we have available on 30th June 2017.

## Other things to bear in mind

HomeEnergy Capped Jun 17 prices are fixed until 30th June 2017, unless the government or regulator does something or plans something that means we can't. (We hope they won't, but we have to let you know.)

We'll only sell so many HomeEnergy Capped Jun 17 tariffs, and we might withdraw it. We'll also add VAT.

Our usual [terms and conditions of supply](#) also apply.
