

# HomeEnergy Fix Sept 2019

# Tariff terms and conditions

## About your tariff

HomeEnergy Fix Sept 2019 prices are fixed until 30<sup>th</sup> September 2019. You'll pay a daily standing charge and unit rate for each fuel on this tariff. We'll also add VAT. If you have a multiple rate electricity meter, you may have more than one unit rate. For more details about the rates we charge go to [www.britishgas.co.uk/alltariffs](http://www.britishgas.co.uk/alltariffs).

## Paying for your energy

You'll need to pay by Direct Debit, cash or cheque or payment card. Your prices may change depending on how you pay. If you pay by Direct Debit but miss any payments we can ask you to pay by cash or cheque. Your prices would go up – we'll explain the difference when we write to you and you can find the details at [www.britishgas.co.uk/alltariffs](http://www.britishgas.co.uk/alltariffs). We'll write to you at least seven working days before changing how you pay.

If you pay by payment card or, if applicable, directly through the benefits you receive from government, the rates we charge are the same as if you pay by cash or cheque.

## If we replace your meters with prepayment meters or mode change your meter to prepayment

If we replace your gas and/or electricity meters with prepayment meters, or mode change your meter to prepayment, we'll switch your tariff for each fuel on prepayment to our cheapest tariff which is available to prepayment meter customers at that time. For any fuel which is not on prepayment your existing terms will apply. We'll let you know if your tariff has changed because you have a prepayment meter.

## If you want to change your meters

You need to contact us to discuss this. We will let you know if you contact us, what your tariff options are. You may not be able to stay on this tariff.

## If you want to cancel or switch

You can switch to another supplier or tariff without paying an exit fee at any time. You don't have to give us any notice if you want to switch to another supplier.

## At the end of the tariff

Before this tariff ends, if you haven't already switched to another tariff or supplier, we'll contact you. If you don't switch tariff or supplier before 1<sup>st</sup> October 2019, we'll move you to the cheapest default tariff (no exit fees) we have available to you at that time.

From the last 49 days of this tariff ending if you decide to switch you'll keep your current prices and terms and conditions until:

- You switch to one of our other tariffs no later than 20 working days after (but not including) 30<sup>th</sup> September 2019; or
- You switch to another supplier and they tell us you'd like to switch no later than 20 working days after (but not including) 30<sup>th</sup> September 2019. The other supplier then needs to supply your energy within a reasonable time after they told us you want to switch; or

- You try to switch supplier and you pay any outstanding supply charges for the fuel(s) you want to switch within 30 working days after we tell you we object to the switch.

### Other things to bear in mind

The tariff prices are fixed until 30<sup>th</sup> September 2019, unless the government or regulator does something or plans something that means the price changes. For example, changing the amount of VAT we must charge (we hope they won't, but we have to let you know).

We'll only sell so many of these tariffs, and we might withdraw it. Our terms and conditions of supply also apply - you can find them at [www.britishgas.co.uk/terms](http://www.britishgas.co.uk/terms). If there is any difference between what we say in these terms and conditions and the supply terms, what we say in these terms takes priority.
