

Temporary Jul 2019

# Tariff terms and conditions

## About your tariff

This tariff will only be available for customers who are rolling off a fixed term contract or on a deemed contract from 1<sup>st</sup> July 2018.

Temporary Jul 2019 prices are fixed until 31<sup>st</sup> July 2019. You'll pay a daily standing charge and unit rate for each fuel on this tariff. We'll also add VAT. If you have a multiple rate electricity meter, you may have more than one unit rate. For more details about the rates we charge go to [www.britishgas.co.uk/alltariffs](http://www.britishgas.co.uk/alltariffs)

## Paying for your energy

You'll need to pay by **Direct Debit, cash or cheque or payment card.**

If you pay by payment card or, if applicable, directly through the benefits you receive from government, the rates we charge are the same as if you pay by cash or cheque.

Your prices may change depending on how you pay. If you pay by Direct Debit but miss any payments we can ask you to pay by cash or cheque. Your prices would go up – we'll explain the difference when we write to you and you can find the details at [www.britishgas.co.uk/alltariffs](http://www.britishgas.co.uk/alltariffs)

We'll write to you at least seven working days before changing how you pay.

## If we replace your meters with prepayment meters or mode change your meter to prepayment

If we replace your gas and/or electricity meters with prepayment meters, or mode change your meter to prepayment, we'll switch your tariff for each fuel on prepayment to our cheapest tariff which is available to prepayment meter customers at that time. For any fuel which is not on prepayment your existing terms will apply. We'll let you know if your tariff has changed because you have a prepayment meter.

## If you want to change your meters

You need to contact us to discuss this. We will let you know if you contact us, what your tariff options are. You may not be able to stay on this tariff.

## If you want to cancel or switch

It is a requirement of our licence conditions that default fixed term tariffs and deemed contracts do not have exit fees. You can switch to another supplier without giving us any notice or paying an exit fee. If you want to switch to another tariff with us, just let us know. There are no exit fees if you leave this tariff at any time.

## At the end of the tariff

Before this tariff ends, if you haven't already switched to another tariff or supplier, we'll contact you. If you don't switch tariff or supplier before 1<sup>st</sup> August 2019, we'll move you to the cheapest default tariff (no exit fees) we have available at that time.

From the last 49 days of this tariff ending if you decide to switch you'll keep your current prices and terms and conditions until:

- You switch to one of our other tariffs no later than 20 working days after (but not including) 31<sup>st</sup> July 2019; or
- You switch to another supplier and they tell us you'd like to switch no later than 20 working days after (but not including) 31<sup>st</sup> July 2019. The other supplier then needs to supply your energy within a reasonable time after they told us you want to switch; or

- You try to switch supplier and you pay any outstanding supply charges for the fuel(s) you want to move within 30 working days after we tell you we object to your switch.

### Other things to bear in mind

The tariff prices are fixed until 31<sup>st</sup> July 2019, unless the government or regulator does something or plans something that means the price changes. For example, changing the amount of VAT we must charge (we hope they won't, but we have to let you know).

Our terms and conditions of supply also apply - you can find them at [www.britishgas.co.uk/terms](http://www.britishgas.co.uk/terms)

If there is any difference between what we say in these terms and conditions and the supply terms, what we say in these terms takes priority.
